## The Source of this article

[JavaScript Array Iteration](#)  
(Array iteration methods)

## Array.forEach()

forEach() ( , a callback function)

### Example

```
let txt = "";
let numbers = [45, 4, 9, 16, 25];
numbers.forEach(myFunction);
document.getElementById("demo").innerHTML = txt;

function myFunction(value, index, array) {
    txt = txt + value + "\n" // 45, 4, 9, 16, 25,
}
```
