    <li>Goofy</li>
    <li>Mickey</li>
    <li>Pluto</li>
  </ul>
  <script>
    $(document).ready(function () {
      $('body *').css('background-color', 'crimson');
      /* body                                         */
    });
  </script>

</body>
```

## Definition and Usage

\* html, head body .

\*                                                               ,                                                                    (        , child)

.

**Tip:** \*                                                                   .

# Syntax

```
$("*")
```

# Example

\<body>                                                   .
\*                                         \<body>                                                                 .

```
<body>

  <h1>Welcome to My Homepage</h1>

  <p class="intro">My name is Donald.</p>
  <p>I live in Duckburg</p>
  <p>My best friendis Mickey</p>

  <p>Who is your favourite:</p>
  <ul id="choose">
    <li>Goofy</li>
    <li>Mickey</li>
    <li>Pluto</li>
  </ul>
  <script>
    $(document).ready(function () {
      $('body *').css('background-color', 'crimson');
      /* body                                              */
    });
  </script>

</body>
```

, jQuery, \*, Selector, box-sizing
